25 YEAR RE-REVIEW

19 October 1950

25X1

MEMORANDUM FOR:

25X1

THROUGH

: D/Pub

FROM

: D/LA, ORE

SUBJECT

: Information on Inter-American Conferences and Meetings

1. The Pan American Union issues quarterly a publication entitled Forthcoming Inter-American Conferences and Meetings. This publication lists conferences and meetings scheduled to take place within a two-year period and gives the appearance of being carefully revised each quarter. We believe that this publication would come as close to filling your needs as anything now existing.

2. The Inter-American Branch of this division keeps up-to-date information (newspaper clippings etc.) on inter-American conferences to supplement and correct our copy of the above-mentioned list. At present, in view of the generally accurate character of PAU's list, it hardly seems indicated to this division to publish periodically a separate list. It might be a solution for your group to obtain regularly PAU's publication and make a point to consult with our Inter-American Branch periodically, say once a month, as to any changes we may have learned about. We should be happy to extend this cooperation.
